Royal Jelly Report ??? *What Kind Of a Report Is This?*

“Royal jelly is a honey bee secretion that is used in the nutrition of the larvae. It is secreted from the hypopharyngeal glands in the heads of young workers and used (amongst other substances) to feed all of the larvae in the colony, including those destined to become workers. If a queen is needed, the hatchling will receive only royal jelly - and in large quantities - as its food source for the first four days of its growth, and this rapid, early feeding triggers the development of queen morphology, including the fully developed ovaries needed to lay eggs.”

Prologue

I must admit it:

I enjoy dealing with COMPLICATED systems, trying to automate things, dealing with challenges, inventing and innovating.

Some times I even feel quite *bored* to deal with *simple* solutions. And then I discover with much surprise that what **I** treat as “simple” is a virgin era and a difficult concept to be “consumed”/understood correctly by many of my subscribers and customers.

This is the purpose of this “simple” report. It’s only a few pages but the knowledge is DISTILLED. Study the Report, APPLY the knowledge and deliver your ebooks THE TURBO WAY – which is the best way.

If you know how to create an ebook then I BET you DO NOT KNOW how to DELIVER it THE TURBO WAY.

If you do not know how to create an ebook then you can always use any ebook you obtained with Resale Rights (RR) or Master Resale Rights (MRR) or Private Label Rights (PLR) or through any other kind of rights, and DELIVER it THE TURBO WAY.

If you have no idea what RR, MRR, PLR, etc. are then you are suggested to study my ebook “[All Rights Explained!](#)” – which is simply THE BEST guide you will ever find on this subject.

If you have no idea where you can find products with RR and PL rights, then visit my [Turbo Membership](#) – which is the BEST membership for Internet Marketers – at least on Earth (this is what my people say 😊.)

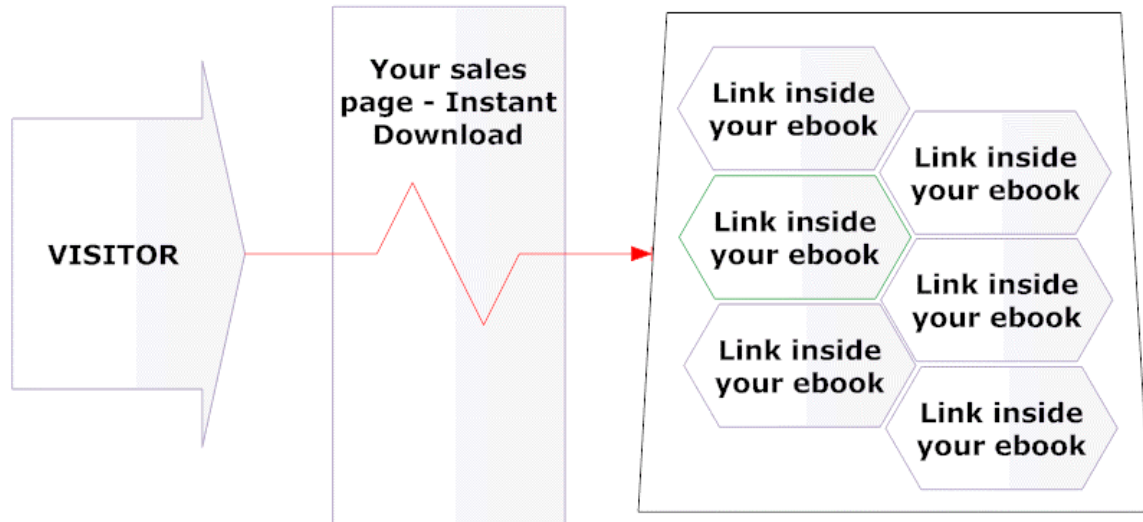

The drawings I created for this Report are pretty self explanatory. If you need to discuss them then you can visit my blog and post a comment. A list of relevant resources you may need are included in the Appendix.

Enjoy!
